Racial equity is a funding priority for the Howard Gilman Foundation. We recognize, however, that numbers only tell part of the story. We invite you to share how your organization engages with racial equity in the organization's administration (staff and Board), artistic choices, audience/community outreach, and/or how your organization's programming contributes to greater racial equity in the field at large. You are welcome to address gender equity, disability and access, other forms of equity, or additional communities served by your mission, as well.

Note: Organizations by and for People of Color are not required to answer this question but are welcome to speak to their work in this area or regarding other kinds of equity if desired.

**The Foundation's application review process often includes attending a performance or other activity, such as a rehearsal or workshop. Is there any in-person or digital programming you'd like us to see? Please list any upcoming opportunities in the New York City area to see your organization's work in person.\***
